Undergraduate Programme

Curriculum and Syllabus for

B.A. English

(With effect from the Academic Year 2023-24)

JUNE 2023

Note: The Board of Studies in English (UG) designed the syllabus as per Common Model Syllabus provided by TANSCHÉ based on Learning Outcome based Curriculum Framework (LOCF) as prescribed by the UGC.

Introduction

The undergraduate programme BA English, aims for students to leverage their knowledge of the English Language for analyzing literature, history, and its modern aspects through the core subjects. In addition, the course explores the intricacies of the English Language and its implementation in diverse fields. Moreover, the subjects in a BA English course are composed by detail-oriented educators, providing a weighty syllabus related to diverse aspects of English literature and the language world.

The B.A English subjects list's most significant and initial subject is the English Language. Initiating the three-year journey with the basics of English is necessary to further understand the in-depth concepts, complex language, and intricacies of world literature. The subject deals with a basic understanding of English grammar, with its origin, evolution, advancement, and further change with the modern world. The English language is also necessary to proceed toward complex study slowly. It also narrates the history of English, which can be very engaging and insightful for English learners. The subject allows learning the historical beginning and significance of English literature. Since the richness of English literature is heavily reliant on its history; therefore, this subject gathers the core English history modules covering the details of literature from different regions of the world. English literature also projects societal and cultural changes through the centuries that are reflected through its written works. As a student proceeds ahead, fields and specifications clear a lot better by possessing the knowledge and base of English literature, which is in its history.

A language's most significant trait is to communicate, and this B.A course English subject is added to the syllabus with the same intention. Communication in B.A English grants students the depth of using English as a communication medium. Fundamentals, theories, and communication tools are provided to the students to further enhance their English skills and make them more accomplishable. Communication subject also comprises the study of creative writing and public relations, helping students get enrolled in communication-based courses with the right foundation.
